

Guidelines for Those Attending a Worship Service at Grace Church

1. We ask you NOT to attend an in-person service if, in the 14 days prior to service: (1) you have had close contact (within 6 feet for at least 15 minutes) with someone who has tested positive or who is undergoing testing for COVID-19, (2) you are experiencing or have experienced signs or symptoms of flu or COVID-19.
2. The Leon County Commission enacted an ordinance that went into effect on June 25, 2020 which requires the use of masks inside the public areas of buildings. Therefore, those attending a service will need to wear a mask unless he or she qualifies for one of the following exemptions:
 - Persons under the age of six years;
 - Persons who have trouble breathing due to a chronic pre-existing condition or individuals with a documented or demonstrable medical problem. It is the intent of this provision that those individuals who cannot tolerate a facial covering for a medical, sensory, or any other condition which makes it difficult for them to utilize a facial covering and function in public are not required to wear one.

The church leaders are not required to regulate these requirements or exemptions and will not be asking or questioning anyone's status.

3. Ushers will direct each household to their appropriate seat in the auditorium. Seating will be limited and spaced in both the auditorium and fellowship hall, and we ask you to help us maintain proper distancing while at church.

Incremental changes to these guidelines will be made as warranted.

If you have any questions about any of these guidelines, please contact one of the elders. You can also refer to our [FAQ document](#).
